Coimbatore, Tamil Nadu

PROFESSIONAL SUMMARY

Motivated B.Tech student in Artificial Intelligence & Data Science (CGPA: 7.5) with hands-on internship experience in AI-driven and Cybersecurity environments. Possesses strong communication, coordination, and team collaboration skills with the ability to quickly adapt to new tools, processes, and professional settings. Passionate about applying technical knowledge and a proactive attitude to contribute effectively in AI, IoT, cloud, support, or corporate roles.

EDUCATION

B.Tech – Artificial Intelligence & Data Science | Rathinam Technical Campus, Coimbatore CGPA: 7.5 2023 – Present

Higher Secondary Certificate (HSC) | Nirmala Matha Convent Hr. Sec. School 77% 2021 – 2023

INTERNSHIP EXPERIENCE

DevOps Intern | Xortican Technologies Jan 27 – Feb 5, 2025

- Assisted in understanding DevOps workflows, deployment pipelines, and cloud automation concepts in a collaborative team setting.
- Participated in technical coordination tasks and contributed to assigned activities, demonstrating quick adaptability and initiative.
- Strengthened problem-solving and professional communication skills while working alongside experienced team members.

Cyber Security Intern | Armor E-Tech Jul 14 – Jul 29, 2025

- Assisted with vulnerability monitoring, security documentation, and incident log analysis within a professional security environment.
- Participated in reporting workflows and security awareness activities, gaining practical exposure to real-world practices.
- Demonstrated strong teamwork, adaptability, and communication across cross-functional tasks and daily deliverables.

PROJECTS

IoT Smart Agriculture System — Python · ESP32 · Sensors · Wi-Fi · Cloud Dashboard

- Built an automated smart irrigation system using ESP32, integrating soil moisture and humidity sensors with real-time Wi-Fi data transmission.
- Deployed a live monitoring dashboard for remote data visualization and automated irrigation control, improving efficiency by ~30%.

Network Intrusion Detection System (NIDS) — Python · Wireshark · Network Monitoring

- Designed a lightweight network monitoring tool to detect unauthorized access and abnormal traffic patterns in environments.
- Configured automated alert notifications for security events, supporting proactive incident response and reporting.

CERTIFICATIONS

AWS Certified Cloud Practitioner (CLF-C02) | Introduction to AI – IBM / Coursera | UI & UX Design Basics – Rathinam Technical Campus

SKILLS

Technical Skills: Python · Java · AI Fundamentals · Prompt Engineering · LLM & AI Tools · Cloud Fundamentals

Soft Skills: Communication · Team Collaboration · Problem Solving · Adaptability · Coordination · Presentation Skills · Quick Learning

LANGUAGES

Tamil – Native English – Proficient French – Intermediate
