

MONIKA R

Aspiring Data Analyst | Python | SQL | Power BI | Machine Learning

✉ monikarkm3@gmail.com ☎ 9363167234 📍 Coimbatore 🔗 linkedin.com 🐙 github.com

PROFILE

Motivated Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning with skills in Data Analytics, Python, and database management. Passionate about developing innovative technology solutions with strong problem-solving, communication, and teamwork abilities.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering (AI & ML) 2023 – 2027

Rathinam Technical Campus

- CGPA: 8.0

Higher Secondary Education

Tamil Nadu

Presentation Convent Girls Higher Secondary School

- Percentage: 71.8

INTERNSHIP

Data Analytical

01/2025 – 03/2025

ETS Academy

Erode

- Performed data cleaning and preprocessing using Python and Excel.
- Analyzed datasets to identify trends and business insights.
- Created visualizations and reports for effective data interpretation.
- Worked with real-time datasets using Python and SQL concepts.

PROJECTS

Hybrid Movie Recommendation System

01/2026 – 04/2026

Tech Stack: Python, Pandas, Scikit-learn, Surprise, Streamlit

- Built a hybrid recommendation engine combining content-based and collaborative filtering.
- Used cosine similarity for movie features and SVD for user–movie rating predictions.
- Deployed an interactive Streamlit dashboard for personalized movie suggestions.

TECHNICAL SKILLS

Programming Languages:

Python, Java, SQL

Database:

PostgreSQL

Tools & Platforms:

Google Colab, VS Code, Jupyter Notebook, GitHub

Core Areas:

Data Analytics, Machine Learning, Data Visualization, OOPs, DBMS

Data Analytics & Visualization

- Excel
- Power BI
- Pandas
- NumPy
- Matplotlib

CERTIFICATE

- Introduction to SQL–DataCamp
- Excel for Data Analytics –Coursera
- Python for Data Science –Coursera

SOFT SKILLS:

- Teamwork
- Communication
- Problem Solving
- Time Management
